

## Haemoglobin Disorders Peer Review Programme

**Invitation to join an online focus group to share your views about your experience and the care you receive from your haemoglobin service**

**A review visit to Homerton University Hospital NHS Foundation Trust is taking place in June 2025. The purpose of the review is part of a plan to improve care for people with haemoglobin disorders/ Sickle Cell Disorder/ Thalassaemia and Rare Inherited Anaemias.**

**We are keen to hear your views and are holding an online meeting on 29th May 2025 18:30-19:00 with patients and carers.**

**To find out more and register for this event please click on the QR Code. Once registered you will receive a link to the meeting.**
